Resubmission of Generic Finding Package

NOTES

This package is a resubmission of a number of proposed Covert Action topics which were to be submitted to the SCC for approval.

[REDACTED] they
The
Director sent back the original package saying that because of internal politics at the SCC he would rather send these up one at a time, but was willing to listen to an appeal. CA Staff is appealing because it feels all the issues are important now. In addition, a particularly urgent topic has been added-

[REDACTED] Tony Lapham objected to one of the topics in the original submission and we mildly endorsed his opinion; however, due to the manner in which the proposal package was handled, our endorsement of Tony's position never got to the DCI.

We have appended two concerns on the pink devil for your signature.

It is our understanding that the DDO is particularly anxious to get [REDACTED] portion of this package before the DCI today.
